AN OPEN LETTER...

To the residents of Palos Verdes Estates, Rolling Hills, Hollywood Riviera, Torrance, Walteria, Inglewood, Hawthorne, Gardena and surrounding communities.

Descendant of a long line of European tailors, Tine's, "the tailor," announces plans to enlarge his Walteria store. Some twenty years ago, Tine's opened his first shop in Long Beach, introducing a new concept into the field of men's clothing. Tine's policy is to make up a select stock of ready-to-wear from his own bolts of imported fine wools. His ready-to-wear suits and sport coats have the same exacting and meticulous details usually found only in tailored to measure clothes. These fine summer and new Fall clothes are now offered for sale at disposal prices to expedite the remodeling program. Entire stock of clothes must be sold before the cabinet makers can get on with the job of remodeling and enlarging the selling space of his store.

University Extension Offers Courses in Local High Schools

For local residents studying a variety of subjects on the University level, University of California Extension this fall plans class programs in Hawthorne, El Segundo, Manhattan Beach and Torrance according to Dr. Richard Baisden, representative in this area for the University's adult education division.

Classes in all four centers will open during the week of Sept. 21, coordinating with major University Extension programs in some fifty centers throughout Southern California.

NEWLY published this week

are fall bulletins listing all information concerning local and other class hours, classrooms, fees and instructors. These may be obtained without charge at University Extension offices at UCLA or the Extension Center at 813 S. Hill St., Los Angeles 14.

In Manhattan Beach eight courses are planned, with late afternoon or evening (7-9:30) sessions. Seven of these are Education courses: Administration of Nursery Schools, Techniques of Counseling, Laws Relating to Children, Elementary School Curriculum Plan-

ning, Classroom Organization in the Elementary School and two concurrent classes in Audio-Visual Education. An afternoon class in The Art of Dress is scheduled to open on Sept. 23.

THE UNIVERSITY this fall adds classes in Torrance to its adult program and 13 are announced for classrooms at North High School, 3620 W. 182nd Street. Four of these are in the Department of Business Administration, four in Education, four in Engineering and mathematics and one in Real Estate Practice.

In Hawthorne, at Hawthorne High School, 4859 W. El Segundo Blvd. a simple course, "Fundamentals of Mathematics for Secondary School Teachers" opens Sept. 30 at 7 p.m.

SIXTEEN classes are planned for the week of Sept. 21 at El Segundo High School, 640 Main St., all in the fields of Engineering and Mathematics.

The fall University Extension bulletins include application blanks for advance enrollment in all classes. Where places remain registration will be accepted at the initial class session, according to Dr. Baisden.

Steps Taken to Improve Fiat St.

Supervisor Burton W. Chace said today that the first step toward the eventual improvement of Fiat Street in Torrance has been taken.

On the recommendation of Chace, the Board of Supervisors approved the circulation of a petition by residents of the area for the proposed formation of a special assessment district for the acquisition of rights of way and the improvement of Fiat Street.

COAL OUTPU

France produced 60 million tons of coal in 1953. The same amount is produced in the United States in about two months.
